

USB Extender kit

Stoltzen HERA U3x4 USB3.1 Extender Kit

Product number: U3X4

Product Description

U3X4 utilizes optical fiber conversion technology to achieve optical fiber transmission of USB3.1/2.0/1.1 signals. When used for long-distance transmission of USB3.1 signals, it achieves data speeds of up to 5 Gbps. Different distances for real-time and non-real-time transmissions are detailed in the manual

Main Specifications

Brand	Stoltzen
Color	Black
USB version	3.0
Power supply	DC 12V (x2)
Number of outputs	4
Type of inputs	USB A
Product series	HERA

Extended Specifications

Transmission speed	5Gbps
Construction type	Steel
Compatible with	USB 1.1/2.0/3.1
EAN	7072262007304
Certifications	CE, RoHS
